

PROPERTY TAX APPEAL BOARD'S DECISION

APPELLANT: Tim Maxwell
DOCKET NO.: 05-22328.001-R-1
PARCEL NO.: 02-35-309-009-0000

The parties of record before the Property Tax Appeal Board are Tim Maxwell the appellant, by attorney Gary Smith, Chicago, Illinois; and the Cook County Board of Review.

The subject property is an 44-year old, one-story style dwelling of masonry construction containing 1,545 square feet of living area with a full unfinished basement.

The appellant's appeal is based on unequal treatment in the assessment process. The appellant submitted ten comparable properties described as one-story frame or frame and masonry dwellings that are between 42 and 54 years old for consideration. The comparables contain from 1,176 to 1,790 square feet of living area and have improvement assessments ranging from \$8.23 to \$11.83 per square foot. The subject's improvement assessment is \$13.28 per square foot. Based on this evidence, the appellant requested a reduction in the subject's improvement assessment.

The board of review submitted its "Board of Review Notes on Appeal" wherein the subject's final assessment was disclosed. The board of review presented four comparable properties consisting of one-story masonry dwellings that are 39 to 51 years old. The dwellings range from 1,624 to 1,923 square feet and have improvement assessments of \$13.40 or \$15.02 per square foot. Based on this evidence, the board of review requested confirmation of the subject's assessment.

After reviewing the record and considering the evidence, the Property Tax Appeal Board finds that it has jurisdiction over the parties and the subject matter of this appeal. The Illinois Supreme Court has held that taxpayers who object to an assessment

Based on the facts and exhibits presented, the Property Tax Appeal Board hereby finds no change in the assessment of the property as established by the Cook County Board of Review is warranted. The correct assessed valuation of the property is:

LAND: \$ 12,649
IMPR.: \$ 20,518
TOTAL: \$ 33,167

on the basis of lack of uniformity bear the burden of proving the disparity of assessment valuations by clear and convincing evidence. Kankakee County Board of Review v. Property Tax Appeal Board, 131 Ill.2d 1 (1989). After an analysis of the assessment data, the Board finds the appellant has not overcome this burden.

The Board finds that the board of review's comparables one, two, and three are the most similar to the subject in location, amenities, and construction. The Board finds the range established by the most similar comparables contained in this record is \$13.40 to \$14.76 per square foot of living area. The subject's \$13.28 per square foot of living area is below this range. These comparables received the greatest weight in the Board's analysis. After considering adjustments and the differences in both parties' comparables when compared to the subject, the Board finds the subject's per square foot improvement assessment is supported and a reduction in the subject's assessment is not warranted.
